Activity 4 COVID & Me

Activity 4 COVID & Me

Why we like it: This is a quick way to explore the idea of rights and the impacts of COVID-19.

How long: 20 minutes

How it works:

- Watch the Video: COVID & Me (2:56)

In the Spring, BC's top doctor made some difficult decisions to slow the spread of COVID-19. These decisions impacted the lives and rights of children around the world. To help inspire children going through an especially hard time, Grade 2 students from Oaklands Elementary created a zoom video with the Representative for Children and Youth, Dr. Jennifer Charlesworth, who is responsible for children with special situations and needs in BC.

- As we have more experience with COVID-19 restrictions, discuss with class the impact of COVID-19 on the children and if it has affected any children's rights.

● **Reflection:**

- How do children's rights protect children in times of emergency? Which rights can be tested?
